

MINORS (OPTIONAL)

Guidelines

1. A minimum of 19 additional hours must be completed to earn a minor.
2. If desired, a minor is declared as soon as possible, preferably (but not necessarily) at the same time the major is declared.
3. A minor may be awarded only at the time the bachelor's degree is received.
4. The proper sequencing of courses in a degree program to include a minor is the responsibility of the student. Appropriate sequencing for the courses required for each minor are shown. In most degree programs, the addition of a minor will add one or more semesters to the length of the program.
